

Verse 4

I don't know what you've been told
I heard them say that you won't grow old
Please come home James now and don't spare the horses
Pick a piece from the Fruitbowl you've just had three courses
Mother is crying again by the window
I can't remember her cheeks being dry
I wish that man hadn't come through the kitchen
I don't understand why my friend had to die

Verse 5

Dad says that the garden is no place for children
I don't really care what my Dad has to say
I leave in the nighttime and go to the Garden
I carry my watering can all the way
So far he's not growing by the always grow back
I'll go back tomorrow and water again
